## TESTIMONIALS

### SPECTRACELL:

I'm writing to thank you for the work Galaxy Bright has done on the rebranding for SpectraCell Laboratories. Phase I of the website looks great and the feedback from clients and salespeople has been positive. I knew from the work you'd done for IFM that you'd do a good job for us as well, but I didn't know I'd enjoy the process so much.

Your team's organization and frequent communication have been invaluable to me. I always knew where the project stood, and I could be confident you'd keep things moving even when I was attending to other duties. When questions came up, you consulted me instead of guessing and possibly wasting time and money. It's been very refreshing to work with a vendor that is so incredibly organized.

Before calling Galaxy Bright, I contacted several local firms. Not one of them returned my call. That's another reason it's been such a delight knowing I could rely on your attention to detail. We'll be starting Phase II soon, and I'm looking forward to working with you on it.
